Prof. Crawford and Prof. Angchaisuksiri will inform and challenge current practices in VTE Prophylaxis particularly for High-Risk Orthopaedic Patients.

**Breakfast includes** award-winning yoghurt pots, a selection of seasonal fruits, fruit purees and compotes, together with assorted baked goodies straight from the oven, classic hot selections and smashed avocado.

### **About the Speakers**

**Professor Ross Crawford**  
D.Phil, (Oxon.), FRACS (Orth), MBBS (Qld).

**Prof. Ross Crawford** is an orthopaedic surgeon with a special interest in lower limb joint replacement. He is a Queensland University of Technology (QUT) research professor and is the Chair of Orthopaedic

Research within QUT's Institute of Health and Biomedical Innovation. Professor Crawford has established himself as a researcher nationally and internationally in both the clinical aspects of orthopaedics and fundamental research. Much of his fundamental research has been in the area of tissue engineering, cartilage biomechanics and implant behaviour. Professor Crawford has clinical appointments at Prince Charles and Holy Spirit Northside hospitals.

Over the last 5 years Professor Crawford has been invited to lecture at the national orthopaedic meetings in Australia, Thailand, Japan, Malaysia and India. He has also been an invited lecturer in the UK, China, New Zealand and Singapore.

**Professor Pantep Angchaisuksiri MD**

**Prof. Pantep Angchaisuksiri** is Professor of Medicine and Chief of the Haemostasis and Thrombosis Unit in the Division of Haematology, Department of Medicine, at Ramathibodi Hospital, Mahidol University in Bangkok, Thailand.

He is also the Adjunct Associate Professor of Medicine at the University of North Carolina at Chapel Hill, School of Medicine, North Carolina, and Co-Director of the Bangkok International Haemophilia Training Centre of the World Federation of Haemophilia.

Prof. Angchaisuksiri is a council member of the International Society on Thrombosis and Haemostasis (ISTH) and the Asian-Pacific Society on Thrombosis and Hemostasis (APSTH), and an associate editor of the ISTH journal Research and Practice in Thrombosis and Haemostasis (RPTH). He is also a vice-chairman of the ISTH Education and Outreach Committee, and the ISTH Steering Committee for World Thrombosis Day.

Limited Seating so please secure your place by emailing: [ISTHsymposium@cardinalhealth.com](mailto:ISTHsymposium@cardinalhealth.com) or visit the **Cardinal Health Stand**
